Trip description

- Day 1: Arrival to Chitose International Airport. Our guide will be waiting for you to drive you to your accommodation in Niseko area (2h aprox, depending on weather conditions). On the way, the guide will brief you about snow conditions, weather forecast, and best days to conduct the activities.
- Days 2 to 6: Pick 3 of the dates to go riding with your guide. Depending on weather conditions and where the best snow is, pick a resort and explore it with the knowledge of a local who will show you the best spots and the best snow. Want to improve your technic? Learn more about off piste? Go backcountry to avoid the crowds and have untouched powder? Our team of guides will take you to the best places. More days can be arranged with total flexibility. In the evenings you can explore the delicious local Japanese food that the ski resort has to offer, or go to one of its lively pubs or nightclubs.
